Questionnaire

Please note if you would prefer to write a report on your project with photos that is also acceptable.

Tell us about yourselves (Charity Name, Donation Amount and Date of Donation)

Charity Name: Nettleham Woodland Trust. Donation: £919. Date of donation: 7 December 2022

Tell us about the Funds

- Has the project we helped to fund been completed? If so, how is it maintained?

The project has been completed. The Information Board was installed on 25th January. The quality of the board mounted on its solid oak post means it will last for very many years.

- If not completed yet, why not? Are plans in place to finalise the project?

N/A

- Did the funds provided by us prove adequate, or was there an over- or under-spend?

Yes, the funds provided by Nineveh Trust paid for the full cost of the board plus installation.

- How were any surplus funds used, or was further funding made available?

N/A

Tell us about the project

- Has the project been successful and well received by the beneficiaries?

The project was for an information board for our Wildlife Tower which was built in Monks Wood in 2022. It was designed by our Trustee, secretary and website designer Su Colman. Su did the design work pro bono. The board was made and installed by Venture Signs of Lincoln. It is sited on the ride at the head of the raised path leading to the Wildlife Tower (photos attached) so that it can be seen by walkers without disturbing the Tower wildlife. The project has been a success.

www.ninevehtrust.org.uk

Are you satisfied with the outcome, or, with hindsight, would some modifications have been appropriate?

Yes, we are very happy with the outcome of the project. We believe that the information on the board will provide interest and education for visitors of all ages.

- Was funding for this project made available from any other sources?

No, the full cost of the information board and installation was paid for from the Nineveh Trust grant.

Feedback about us

- How did you find our own process of selection and payment?

The application process was straightforward and payment was made straight into our charity bank account. Perhaps one drawback was having to send three copies of everything by post. Also, this questionnaire was a pdf file, which meant I could not complete it online. However, our website designer Su Colman managed to download the form and a Mac app called Preview which allowed her to write over the data entry fields.

- Have you considered providing us with an update on the activities for which our Trust provided the funding?

I can send an update on feedback from visitors later in the year.

- Would you welcome a visit by our Trustees?

We would welcome a visit to Ashing Lane Nature Reserve by your Trustees. The best time to visit is late spring or summer. Please contact us at admin@nettlehamwoodlandtrust.co.uk

- Have you any other comments?

Nettleham Woodland Trust receives no regular income and relies on grants and donations to continue its work of managing and enhancing Monks Wood and Lincolnshire Co-op Wood at Ashing Lane Nature Reserve for people and wildlife. We are very grateful to Nineveh Trust for funding the information board for the Wildlife Tower.

We have acknowledged Nineveh Trust on the board.

This questionnaire is part of our due diligence, obtaining feedback to help us, and we are grateful for your input – please return the questionnaire as soon as possible. Please email all questionnaires and/or reports to sally@ninevehtrust.org.uk
