Saffron Walden,
Essex,
CB10 2AS

1st December 2022

Dear Sally,

**Report to the Nineveh Trust:
Transforming the Trent Valley Project**

Thank you once again for the Nineveh Trust's kind donation of £2,000 towards the above project, which has now been spent on the Transforming Lives element of the project.

The third cohort of participants in the Transforming Lives course has now been recruited and they have started their learning with great enthusiasm. This winter will give them ample chances to experience all of the woodland management work that we carry out during the season.

We have had ten people pass through the course so far, with four of them going on to find employment in the sector and one more staying on as a volunteer leader to gain more experience in leading groups on practical tasks. The trainees have been involved with various projects ranging from invasive species removal and floodplain meadow creation through to livestock fencing and otter surveying. The feedback we have received has been excellent and we are looking to build on these successes and continue to offer training even once this project has finished.

Your donation has helped and is continuing to help young adults to improve their employment prospects and life skills while improving their local environment. Thank you.

Yours sincerely,

Kate Lemon
Regional Manager (Trent and Erewash)
