

Report for The Nineveh Charitable Trust

Recipient: **Solidarity Farm CIC**

Date funds Applied: 14th April 2023

Recipient: Solidarity Farm CIC

Project: Handwashing facility and composting toilet.

Grant Award: **£2500**

Application

Funding was applied from the Nineveh charitable Trust to complete a compost toilet and handwashing facilities to allow children to access the farm and ensure they have a safe and comfortable experience in a unique learning environment.

Work Completed

We purchased and installed a WOOWOO GT composting toilet starter kit and cabin:

[WooWoo GT - WooWoo Waterless and Composting Toilets \(waterlesstoilets.co.uk\)](http://waterlesstoilets.co.uk)

Work has been completed on handwashing facilities that included connecting to the mains water supply,

Installation of Woo GT Cabin at Solidarity Farm CIC

Impact

We have begun working with children and this included a residential trip for over 40 children in August 2023 that involved bushcraft and time spent experiencing rural life. These children came from the areas of Ashington and Newbiggin in Southeast Northumberland and are exploring how we can work together with other partners in getting more children onto farms and into rural areas by developing a specific program.

Children on residential camp Solidarity Farm August 2023

With support from Newcastle University, we completed a short film outlining our work at Solidarity Farm that can be accessed here:

From the Director John Harrison

“I would like to personally thank the trustees of the Nineveh Charitable Trust, you have allowed us to work with children and young people at risk of exclusion, creating a space where all can experience a sense of belonging amongst nature and farming. I am looking forward to the next steps of journey and I will always be grateful for your support at the very beginning”.
